

## Making, Remixing and Sharing Content

**Directions** Create a project that exercises fair use of previously copyrighted material—a song, poem, chart, map, artwork or any other form of illustration—to develop your project. Be sure to provide credit for any copyrighted materials.

You can choose one of the following methods to make your project

- A PowerPoint presentation story board (slides and notes)
- A written script for a dramatic skit
- An informational poster
- A mural
- A script for a podcast or documentary
